IS HOMICIDE SAYS PERMIT TO BURY BOY

Fayette County Coroner Gives Cause
of Russell Hilbert's Death but
Files no Verdict

STRYCHNINE POISON, HE SAYS

Intimated That he Received Word
on Analysis of Stomach From
Indianapolis by Phone

NOW AWAITS WRITTEN REPORT

Not Duty of Coroner to Say in Any
Event Who Administered Pois-
on—Grand Jury's Work

Sensational developments are expected soon as a result of the sudden death of Russell J. Hilbert, 7 years old, who died last Saturday at his home near Orange in convulsions. The first intimation that something is bound to happen came this morning when George C. Wyatt and company received the burial permit from Dr. B. W. Cooper, coroner of Fayette county. The local firm buried the little boy. The burial took place Tuesday morning and the cause of death was assigned as strychnine poisoning, homicidal, in the permit received this morning. The coroner gave permission to bury before issuing the permit.

The coroner has not yet filed his verdict, but it was intimated in Connersville that something would happen late this afternoon. The fact that the burial permit gave the cause of death as strychnine poisoning given for the purpose of committing murder is considered significant.

The coroner maintains that he has never received word from the stomach analysis and yet his own burial permit assigns the cause of death in most startling words. It was intimated that the coroner received word over the phone from Indianapolis last evening as to what the analysis showed and was holding off his verdict until the official report was received.

The coroner's verdict could not say much more than the burial permit received here today. It is not the coroner's duty to name the party who administered the poison and this he will probably not do. This is considered the duty of the grand jury and from all indications the Fayette county grand jury will be called shortly to consider this case.

The little boy lived with his father and step-mother. They are people of moderate circumstances. Since the sudden death of the little boy their home has been under a cloud of suspicion and if there was no mystery in connection with the boy's death they should, it is pointed out, welcome the investigation.

LINER DISABLED BY MINE

(By United Press.)
New York, Feb. 22.—The White Star liner Celtic struck a mine when twelve hours from Liverpool enroute to this country, officials of the steamer Philadelphia stated on arrival of that vessel here today. The Celtic was towed safely back to Liverpool. At the New York offices of the White Star line it was stated that the Celtic was scheduled to start again for this country today.

FIVE AMERICANS ABOARD

(By United Press.)
Washington, Feb. 22.—Five Americans were aboard the Swedish steamer Skogland, sunk by a submarine off the coast of Spain on February 18, the United States consul at Barcelona reported to the state department today. The vessel sailed from Norfolk with a cargo of coal for an Italian port.

BOY'S BODY FOUND IN GROVE

Donald Edwards, 14 of Mitchell, is
Thought to Have Been Murdered.

(By United Press.)
Mitchell, Ind., Feb. 22.—The body of Donald Edwards, age 14, was found in a grove near the city limits today. It is believed he was murdered. There was a cut over his head. The boy failed to return from school last night and a search was started resulting in the finding of the body today. Bloodhounds were brought here from Bedford to solve the mystery of the lad's death.

MILITIA IS CALLED OUT AFTER 9 FIRES

New Britain, Conn., Munitions Manu-
facturing City, is Under Mar-
tial Law Today

TWO MEN ARE UNDER ARREST

(By United Press.)
New Britain, Conn., Feb. 22.—New Britain is under martial law today with two companies of militiamen on guard following nine simultaneous fires in different parts of the city last night. Two men are under arrest on suspicions of having started the fire.

New Britain has many manufacturing plants which have been making munitions for the allies. The belief was expressed that some fanatic hoping to stop their manufacture set the fire by means of time incendiary bombs but no evidence of bombs has been found. The damage is estimated at about \$50,000.

TWO MORE LOTS ARE DONATED TO THE FUND

Brings Total Given for Purpose of
Raising Money to Bring Fac-
tory Here up to Eight

TO BE SOLD AT \$150 APIECE

Two more lots have been donated to the factory fund, making a total of eight which have been given to be sold for the purpose of creating a factory fund.

The two contributors announced today are Frank McIlwain and Frank Reynolds. The latter writes all the way from Los Angeles, Cal., where he is visiting, that he wishes to help the good cause along and that he will give a lot.

The plan is to sell the lots at \$150 each and then distribute them to the buyers by means of a drawing. The donors of the lots would receive \$150 worth of holdings in whatever undertaking the money so derived is invested. Those who have given lots are:

John Kelley, Jr., One Lot.
John Crowley, One Lot.
Phil Wilk, One lot.
R. L. Tompkins, One Lot.
W. B. Poe & Son, One Lot.
Frank Reynolds, One Lot
Frank McIlwain, One Lot.

After Living Tramp's Life 19 Years Finds Relatives

George Johnson, Inmate of County Asylum Three
Weeks, Mourned as Dead, Learns He Has
Also Inherited An Estate.

LEAVES FOR OLD HOME AT S. AMBOY, N. J.

After wandering about the country for nineteen years and living the life of a tramp, during which period he was mourned as dead by his relatives George Johnson, an inmate of the county poor asylum, has located a brother and an uncle at South Amboy, N. J., and left this morning to spend his remaining days with them. Johnson, in broken health, was sent to the poor farm three weeks ago. He told Superintendent and Mrs. Newbold his story of how he left home when a boy fifteen years old and about his wanderings around the country. Mrs. Newbold wrote to South Amboy, N. J., and received word from his relatives asking that Johnson be sent home. They enclosed the money for the trip. The letter also conveyed the information that since Johnson left home an aunt had died, leaving him a small estate. Johnson, who is thirty-four years old, wandered away from home when

a boy of fifteen. He fully intended to return but the life of a tramp hardened him and in a few days he had almost forgotten about ever having a home. He wandered all over the United States. Johnson landed in Rushville three weeks ago. The weather was exceedingly cold and his health was such that exposure would have caused his death. He was sent to the poor farm. Then he told his story and Mrs. Newbold, believing there was a chance that his relatives might be living, wrote the letter to New Jersey. In the reply the brother and uncle stated that they had long since believed Johnson was dead as they had never heard a word from him since the time he left nineteen years ago.

While the estate he has received is small, it will probably be sufficient to supply his wants the remainder of his life.

200 REBEKAHS ARE HERE FOR MEETING

Members of Lodge From All Over
District Arrive During the
Morning to Participate

DEGREE TEAMS COMPETING

McCordsville, Shelbyville and Rush-
ville Teams Will Give the
Work Tonight

Two hundred visiting Rebekahs from the sixth district gathered here today for the annual district meeting of the order. The morning was devoted to the reception of the visiting delegates and the first of the competitive degree contests took place this afternoon.

The Odd Fellows hall was crowded this afternoon for the first session. Miss McGregor, president of the Rebekah Assembly, delivered the principal speech of the afternoon session. The degree teams of Knightstown and Milroy gave the degree work this afternoon, taking part in the contest for the best degree team. Competent judges will pass on the work of the various teams.

In all a total of five degree teams will compete here for the right to represent this district at the state meeting. Besides Knightstown and Milroy, the teams are McCordsville, Shelbyville and Rushville. These last three teams will compete tonight. Rushville draws last place and the drill of the local team will close the convention.

The McCordsville team of forty people will arrive this afternoon at five o'clock in a special car. Similar contests are being held in all of the thirteen districts of the state. The winners of these contests will meet at Indianapolis and the winner of the Indianapolis contest will go to the national meeting to be held at Louisville.

Knightstown and Shelbyville sent large delegations to the meeting. Delegates were also here from Cambridge City, Newcastle, Richmond, Connersville, Greenfield and other cities in the district.

There were twenty-eight lodges represented at the meeting this afternoon. Besides the president of the Rebekah assembly, Mrs. Harriet Spekenhiser, vice-president, of Richmond, and Miss Wilson, treasurer, were present. Between 450 and 500 persons attended the meeting this afternoon.

Senator Chambers Introduces Bill
Changing Primary Date and
Abolishing Second Choice

(By United Press.)
Indianapolis, Ind., Feb. 22.—Without recommendation, the administration's excise tax bill was reported out of the senate committee on rights and franchises today following Governor Goodrich's appeal for passage of the measure before the committee at a public hearing last night. The report was adopted and the bill was made a special order of business for second reading tomorrow and third reading on Saturday.

Attempts to pass the Maston woman suffrage bill in the house under suspension of the rules this afternoon was predicted by sponsors of the measure today. Suffrage workers declared they had a sufficient number of representatives favoring the measure to suspend the rules and take the bill up for final action.

Senator Chambers today introduced a bill to amend the present primary law eliminating second choice votes; changing the date of the primary from March until May and abolishing casting of "preference" votes for presidential electors.

The administration conservation commission bill was recommended for passage in the senate today.

The senate passed Bird's bill providing that a hunting and fishing license taken out in any county will be good in all parts of the state.

The Habermel bill which would appeal the stringent regulations on handling of trading stamps in the state was killed in the house when a committee report recommending indefinite postponement was adopted.

Simmons' bill raising the pay of judges of the supreme and appellate courts from \$6,000 to \$9,000 was killed by the senate.

TO CONTINUE REST OF WEEK

Revival at First Baptist Church Will
End Monday Night

Two additions were made at the First Baptist church revival service last evening. There was a crowded house for the service. Although the Rev. C. B. Jones leaves today, the meetings will continue throughout the remainder of the week and will be conducted by the pastor, the Rev. S. G. Huntington. The meetings will close on Monday evening. All of the services have been marked with unusual interest and excellent attendance. On Tuesday evening, there was one addition to the church.

CHAUTAUQUA BOARD SUBMITS ITS REPORT

Reveals \$466.12 Left in Treasury
at End of Year—Receipts
Amount to \$3,684.25

GUARANTORS MEET IN A WEEK

The Rush County Chautauqua was shown to be in good financial condition last night in reports submitted at the annual directors' meeting. The guarantors will meet in the court house assembly room a week from tomorrow night at which time several directors for next year will be elected.

According to the report of the treasurer, the chautauqua last year cost \$3,218.13. This includes talent and all other expenses. The total receipts from all sources were \$3,684.25, leaving a balance on hands of \$466.12. The gate receipts at the last chautauqua amounted to \$3,516.35, showing that the chautauqua would have paid for itself without receipts from other sources. Fifty dollars was collected in rent from the coliseum.

Ten Representatives Send Letter to
House Asking For Investigation
of Food Prices.

BAILEY WANTS AN EMBARGO

Washington, Feb. 22.—Ten representatives in a letter to members of the house today demanded an investigation immediately by the federal trade commission of the food situation.

At the same time the letter was circulated, it became known that the appropriations committee is unchanged in its opposition to the \$400,000 appropriation. This gave further substantiation to reports that there is friction between congress and the federal trade commission to conduct the probe.

Representative Bailey, Pennsylvania, introduced a resolution for an immediate embargo on foodstuffs and other necessities. An investigation he said, would be unnecessary.

ELECTION FRAUD CHARGES

Men Prominent in Political, Business
and Social Life of City Among
Those Indicted

(By United Press.)
Evansville, Ind., Feb. 22.—Men prominent in political, business and social life of Evansville were arrested today on several indictments charging election frauds. United States marshals arrested twenty-one democrats last night and began serving warrants on eighty-one republicans today.

Among those arrested today were: Charles Sihler, former postmaster; Charles Artes, jeweler; Frank DeJarnedd, secretary of the republican county committee; Matt Foster, Harman Uler and Roy Kelsay, leaders in republican circles.

Determined that no citizen shall be placed in jail, Mayor Bosse, democrat, has furnished bond for some of the republicans.

First came the surrender of James Boner, notorious proprietor of a gambling house and democratic henchman. Later Marshal Storen announced that the following had been included in the first night's roundup: E. B. Oslage, city controller; Miles E. Saunders, assistant city engineer; Edward Joehin, chairman of the democratic county central committee; John Seales, city detective; William J. Cox, an election sheriff.

Adolph Weicht, dentist, republican precinct committeeman; Ernest Tidlington, colored city detective; Ben Bartlett, city motorcycle officer; Richard Pennington, keeper of a saloon and resort, and democratic election officer in the last election; William H. Bennighoff, retired capitalist and republican precinct chairman in the last election; Chief of Police Edgar Schmitt; John Dans assistant secretary of the Anchor Supply Company, and republican precinct committeeman.

Marshal Storen announced that Chief Schmitt had surrendered, but that bond had not been provided for him. The chief's bond was \$5,000, the highest demanded. William H. Bennighoff had not surrendered, the marshal said last night, but friends called to see if he was indicted and had supplied bond for him. Mr. Bennighoff was the first republican named in the announcements. Mayor Bosse and C. B. Enlow, vice president of a local bank, both democrats, heard John Dans, a young republican, had been indicted and, knowing the young man's parents were in Florida, signed his bond of \$1,500.

The names of the following other men were affixed to the different bonds: Postmaster John J. Nolan. Francis J. Reitz, president of a local bank, who signed several bonds; Henry Korff Sr., a local dealer, and Dr. Joseph B. Cox.

The two indictments on which local cases are based embrace practically the same charges made in the Gar and Frankfort cases. One charges conspiracy on the part of the democrats, and the other on the republicans, to defraud the government and to "injure, threaten and intimidate" certain citizens to deprive them of their constitutional rights. Each indictment is in three counts. As in the other cases conspiracy to purchase votes is made a Federal offense.

Earl and Ernest Marlatt will attend the thirteenth annual banquet of the Indiana alumni of the Delta Kappa Epsilon fraternity to be held at the Claypool hotel in Indianapolis this evening. E. B. Thomas of this city is vice-president of the organization. Earl Marlatt is to respond to a toast on "Lines" following the banquet.

CHURCH OBSERVES DAY

The services at the St. Paul's M. E. church this evening will be in observance of Washington's birthday. There will be special patriotic music and stereopticon views to illustrate scenes in the life of Washington. The public is invited to attend. At Junior League this afternoon, a patriotic service was also held for the children.

CASE MAY REACH JURY TOMORROW

Plaintiff's Side of Breach of Promise Suit of Manning Against Jinks Completed

DEFENSE READS 15 LETTERS

Jinks Denies Promising to Marry the Girl, Saying Solicitations Were All From Her

The breach of promise suit of Bertha Manning against Chester Jinks will probably go to the jury tomorrow afternoon. The plaintiff's side of the case was completed this morning and the defense started. The defense read at least fifteen letters that had been written by Miss Manning to Jinks.

Jinks was on the stand a large part of the afternoon. He denied ever promising to marry the girl and declared that she continually asked him to marry her. He stated that the solicitations were all on her part.

Another large crowd packed the court room for the hearing today. Many women were in the audience. The complaint alleges that Jinks promised to marry Miss Manning on August 6, 1916. A letter was introduced in evidence that was written by her attorney to Jinks making a demand on him that he fulfill the contract.

One of the letters written by Jinks to Miss Manning advised her along educational lines. Jinks was formerly a school teacher and in this letter indicated that he was trying to help educate her. This letter in part follows:

New Salem, July 15.

Dear Bertha: I have been worried about last night and more especially last night. I am afraid something is going to happen. I presume you have been looking for this letter but I feel that I should not write too often to you at present.

The rest of our family know nothing of my whereabouts Monday night. I did not get home until 2:30. I am glad you are going to school this fall, even more glad than you are. An all around Gas Tractor for almost any Farm, A Sensation in the Tractor Field

Now comes the announcement of a fifth size Case tractor, conservatively rated as 9 H. P. at the drawbar and 18 H. P. at the belt. It is another triumph to Case leadership because it offers to the agricultural world a tractor way ahead of anything in its class. At the 1916 tractor demonstration it proved a sensation. Its performance was remarkable. Farmers everywhere welcome it.

Back of this tractor is 26 years of gas tractor experience. In this 9-18 are combined the merits of all tractors now on the market together with Case principles of construction. The 9-18 solves the farm power problem. On 100 acres and even less this machine will displace horses at a big saving. It will make the hardest tasks the easiest ones. It will cut your labor costs. Let the 9-18 do your plowing deeper and at the right time. Then your discing, harrowing, seeding, operate your harvester or drive the feed cutter, the baling press, fill the silo and operate your own threshing machine. There is no limit to the usefulness of a Case 9-18.

Amusements

The Lyric will show the three reel drama "The Criminal Thumb" for the first picture tonight. It is said to tell a thrilling story. The last is a comedy "The House on Hokum Hill." Tomorrow the five act feature "The Traffic Cop" will be shown.

The Princess offers the feature picture "The Common Law" in which Clara Kimball Young is featured for the program tonight. It is said to be a wonderful picture told in a big way. The picture is shown here for a return engagement because of numerous requests. Tomorrow William Fox presents "Sporting Blood."

The attraction at the Gem Theatre tomorrow night will be a Mutual Star production "The Three Pals" featuring C. William Kobb and Max Dill. This celebrated team of Kobb and Dill were boyhood chums in Cleveland, O., where they gained a local reputation in amateur theatricals. In 1900 they entered vaudeville and the next year appeared on Broadway in "Fiddle Dee Dee" which piece they toured the country in for two years.

In "The Three Pals" they appear as Mike and Louie names by which they are known to millions of followers.

COMB SAGE TEA INTO GRAY HAIR

**Darkens Beautifully and Restores
Its Natural Color and
Lustre at Once.**

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

An Advance Report

Since President Wilson's announced intention to take a hand in the effort to have congress appropriate \$400,000 for the federal trade commission to investigate the high cost of living, an "advanced report" of what the commission would have to say after the inquiry is rather timely. Some wit has suggested that the "report" after a year of paying carfare, stenographers' bills and hearing witnesses, would be something after this fashion:

The rapid increase in the cost of living in the United States in 1915-16 was due to the unprecedented demand from foreign countries for our products on account of the war. In return for our goods, European countries sent a flood of gold, which always inflates values.

Part of the increase has been due to the high price the warring countries were willing to pay and part to the desire of American producers to take advantage of a scarcity, and exact higher prices than the actual condition of supply and demand justified.

At the outbreak of the war many persons who were under contract to supply goods at specified prices were compelled to purchase their materials at higher prices, and, in order to protect themselves against similar losses in the future, they advanced their own prices in anticipation of higher costs which they might be compelled to pay.

Owing to the outbreak of the war, thousands of foreign born laboring men returned to their native coun-

A Comparison Tells a Story.

From time to time I speak of Ethel in my chats so she needs no introduction. However, I don't believe I have ever mentioned Gladys. Gladys, to, is married to a man in moderate circumstances, but all in all she is more comfortable financially than Ethel.

Gladys has been married just three years, but is separated from her young husband. Both are beginning to see things in a new way, however and I hope for a re-union.

One day about six months ago I chanced to visit Gladys in the afternoon, and at her urgent invitation, stayed for dinner. When her husband came home there was no sign of anything to eat and her appearance was anything but attractive. She had been reading when I came, and had not even attempted to dress. Waiting a while longer, although I had asked her to let me help her get dinner, she started preparations; and in a minute the kitchen was in a turmoil. She admitted that she always become confused and cross when working. I am sure none of us enjoyed the evening meal, which was served late, nor the hours afterward in the living room. Then, too, instead of doing her dishes, she placed them in the tub until morning.

tries and our immigration of laborers was curtailed, with the result that there was a shortage of labor. Wages increased rapidly, adding to cost of production and necessitating a higher price for the product.

Prices have been advancing because of steadily increasing wages and decreased hours of labor.

Responding to the demand for "pure food" manufacturers have been compelled to put up their products in smaller packages, hermetically sealed, thus adding to the cost of putting the commodity on the market and increasing the price to the consumer.

There has been a steady drift of population toward the cities with the result that higher rents must be paid, better clothes must be worn, and more money spent on nearly all articles of consumption.

The style of living among all classes of Americans has been raised with the natural increase in cost incident thereto.

Leads in Use of Phone

During the hearings on the proposal that the government shall take over the ownership and operation of the telephone system in the District of Columbia, Congressman Lewis, of Maryland, made some comparisons in the use of telephones in this and foreign countries, such comparisons being unfavorable to the United States. The inference that the telephone is not as popular an instrument of use in the United States as in other countries was disputed by a representative of the telephone company, who presented figures showing the relation between population and telephone use in the capitals of the principal nations of the world.

The figures show that the United States leads all other nations in the use of the telephone. The population of Washington is 360,000 and there are 60,000 telephones, which means that 16.7 per cent of the inhabitants of the capital have phones. On the other hand, the percent of phone users in Berlin is 6.6; London, 3.5; Petrograd, 2.7; in Paris, 3.2; in Tokio, 1.8; in Vienna, 3.2 and so on through the list of foreign capitals.

Secretary Baker declares of Pershing's column that "from its entrance into Mexico its work has been characterized by efficiency in the pursuit of its objects." Its pursuit of Villa, however, was never undertaken. Hampered by the inefficiency of the Department at home, thwarted by Carranza's orders, deserted by the administration, Pershing and his men settled down at Colonia Dublan and gave temporary security to the people of that region who had suffered much from the bandits and who feared more from them. Maybe this was the object for which Pershing was

Now Gladys was a business girl before her marriage, and unlike Ethel, she knows the many trials which the man must suffer throughout the day. Why didn't she try to make his home pleasant for him in the evening?

Ethel, on the other hand, always has the table attractively set with the dinner ready to place on the table as soon as her husband "Bud," is through removing the stains of his travel. She herself is dressed as becomingly as possible, and never are her dishes left until the next day. She never even dreams of worrying "Bud" with tales of short weight at the grocery or the high cost of eggs. Those are her worries—she keeps them to herself.

As Ethel herself says:—"Somehow a man naturally wants to be proud of his wife. He wants others to admire her too. And—if she neglects herself and loses her charm and attractiveness he may find someone he can be more proud of. And I, for one, don't blame him much."

Oh, I wish that all might have seen the strong comparison which it has been my fortune, and misfortune on the other hand, to observe. Gladys with her life more or less shattered, and Ethel looking forward to a beautiful and glorious sunset.

sent down there. If so, it does not comport with the orders that were at first given to him nor with the false impression which was proclaimed of those orders.

C. I. & W. FLAGMAN EXPIRES

Lewis Adams, Age 72, Dies This Afternoon From Paralysis:

Lewis Adams, 72 years old, died shortly after noon today at his home, 829 North Sexton street, following a short illness from paralysis. Mr. Adams had been employed as flagman at the Morgan street crossing of the C. I. & W. railway for the past eight years. He suffered a stroke of paralysis last Monday and since that time had been in a critical condition. He is survived by his widow and two sons, Bernie and Omer Adams. The funeral services will be conducted Sunday, but the exact time has not been determined.

SAYS HOT WATER EACH DAY KEEPS THE DOCTOR AWAY

Drink Glass of hot water before breakfast to wash out the poisons

Life is not merely to live, but to live well, eat well, digest well, work well, sleep well, look well. What a glorious condition to attain, and yet how very easy it is if one will only adopt the morning inside bath. Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening, and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatism; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store which will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.—(Adv.)

POLO TOURNEY WILL END TODAY

International Event Between British And American Teams Completes Event.

MANY STARS ARE ON COAST

Eastern Games of Few Years Ago Are Not Expected to Have Much on This One.

BY H. C. HAMILTON.

New York, Feb. 22.—The big polo tournament which has been going on at Riverside, California since the twelfth will wind up today with a big international championship the British-American game.

This gathering probably has witnessed as great collection of American polo stars as ever was gotten together in the United States, not even excepting the galaxies of stars sometimes at Meadowbrook Field, Long Island.

In the match of England vs. America, Hugh Drury, the noted English player now living at Riverside and playing with the Riverside Club, organized a team of Britishers that went against the American team captained by Malcolm Stevenson, and the fact that aggregate handicapping of the players was in excess of 25 goals for each team indicates to a polo enthusiast that it was to be some game.

The scene of play was at Chenawa Park, the beautiful turf field on Magnolia avenue, considered by poloists as one of the best and scenically most attractive fields in the west.

Among the noted players on the coast for this tournament are Malcolm Stevenson, Perry Beadleston, G. M. Heckscher, C. C. Runsey, Thos. Le Bontillier, of New York; W. Balding, a noted English player; Earl W. Hopping and Col. Max Fleischman of Cincinnati; Steven H. Velie of Kansas City; Clifford Weatherwax of Portland, Oregon; and Cowdin, Driscoll, Hobart, Davis, Harry Hastings, Christian de Guigne and Capt. R. E. McNally of San Mateo.

HOUSE PASSES THE "BONE DRY" BILL

Lower Branch of Congress Enacts Law To Prohibit Liquor Importations in Dry States

WILSON WILL APPROVE IT

Is Regarded as Far Reaching And Sweeping as Anything Besides National Prohibition

Washington, Feb. 22.—Absolute prohibition legislation took its longest stride in the nation's history yesterday when the house, after two hours of uproarious debate, approved by a 4-to-1 majority a senate measure which would raise an iron-clad barrier against importation of liquor into prohibition states.

It is expected to receive the approval of President Wilson within a week, adding immediately to the "bone dry" territory about one-third of continental United States. The provision is regarded as the most far reaching that could be enacted by the federal government, and as sweeping as would be possible under any method short of a national prohibition amendment. It would cut off entirely liquor importations, amounting now to millions of dollars annually, into the large number of states which have forbidden manufacture or sale but have permitted importation for personal use.

Advocates of prohibition divided among themselves over the expediency of the step, some friends of the cause declaring so drastic a law would have a reactionary effect. In the same way those who have opposed prohibition were not unanimous in opposition when the vote was taken. The roll call brought cheers and cries of "bone dry" from all parts of the house, however, and the result was greeted with a noisy demonstration.

The vote, as officially announced, was 321 to 72, but a recheck of the roll changed it to 319 to 72. Party lines were completely broken down, and numerous representatives from prohibition states were recorded in the negative. So large a vote seldom is recorded on any measure.

A provision barring liquor advertisements from the mails in states that prohibit such advertising is included in the measure, which came before the house as a rider to the annual postoffice appropriation bill, inserted by the Senate last week on motion of Senator Reed by a vote of 55 to 11. Although the appropriation bill will go to conference because the House disagreed to other amendments there is little possibility that the prohibition amendment, concurred in without change will be altered. Members of congress are taking it for granted that President Wilson will approve it.

Although some members had given it as their opinion the legislative features added to the postal bill would not be effective until July 1, the effective date of the appropriations it carries, senators and representatives who are considered authorities said tonight that all the legislative riders, including the Reed prohibition amendment, undoubtedly would become operative as soon as the President has signed the measure.

Dry advocates were jubilant. Representative Webb of North Carolina, father of the resolution for a national prohibition amendment, declared the overwhelming affirmative vote had killed the states' rights argument and that the national amendment, already reported favorably, certainly would pass the House at this session. The national legislative committee of the Anti-Saloon League issued a statement saying today's action had "cleared the decks" for the national amendment.

Many of the wet advocates in congress, particularly those with brewers among their constituents, also declared themselves much pleased with the outcome. The brewers are understood to have been in favor of the provision, both because it would curtail the so-called mail order business carried on by houses dealing in spirituous liquors and because it might prevent states now wet from going dry and indefinitely postpone nation-wide prohibition.

ASH WEDNESDAY OBSERVED

Marks Beginning of Lent Leading up to Easter on April 1.

Two services were held at St. Mary's Catholic church yesterday—at 8 a. m. and 7:30 p. m.—observing Ash Wednesday and the beginning of Lent. Yesterday was the opening of the forty-day period, the season of self-denial, symbolizing the forty days that Christ fasted. Lent will continue until Easter Sunday, which this year falls on April 1. Services will be held at St. Mary's church each Wednesday and Friday evenings during the Lenten period. The services will begin at 7:30.

SOCIETY NEWS

Church Societies, Parties, Weddings, Dances, Literary and Musical Organizations, Sewing Circles, Card Clubs and Many Other Things of Interest to Women.

Mrs. Link's Bible class will meet tomorrow afternoon with Mrs. George Havens at her home in North Main street. The lesson will be Judges 8 to 11.

The mothers of the members of the Dunning Study class were guests at the meeting of the class held at the home of Mrs. Will Meredith in North Morgan street last evening. Deryl Case was leader for the program and several pretty musical numbers were played by the little musicians. Light refreshments were served and there was a very good attendance.

An important business meeting of the Band of Workers of the First Presbyterian church was held in the parlors of the church yesterday afternoon, when the principal matter decided was to give a penny supper in the basement of the church on Friday, March 2. Plans were made for the supper. There were twenty-three present and three new members were taken into the society. The next meeting will be in two weeks.

A pleasant little affair was given by Mrs. Roll Miller at her home in North Harrison street yesterday afternoon when she entertained the members of the S. E. T. club and a few invited guests. The afternoon was spent by the agreeable company in sewing and chatting. During the service of the delicious luncheon, favors of Washington birthday cherries were given the guests. Miss Mary Amos will entertain the club in two weeks.

None of the delightful parties enjoyed by the members of the Tri Kappa sorority this season have surpassed the dinner party given yesterday noon by Mrs. Hubert Innis at her country home near Milroy. The ten members of the sorority left here on the early morning train and spent the entire day at the country home. At noon, the hostess served an elaborate dinner. The round table was embellished in the center with an attractive bouquet of red carnations. The places were marked with place cards appropriate to Washington's birthday and with red cherries for each guest. The three course dinner was perfect in appointments. While the Columbia played during the afternoon, the guests enjoyed several rounds of cards. Members of the sorority spending this pleasant day together were the Misses Hannah Morris, Cloranne Amos, Jessie Kitchen, Olive and Edith Buell, Jessie Anderson, Fannie Stiers, and Mrs. Roy E. Harrold, Mrs. Jack Knecht, and Mrs. Harry Osborne. The regular meeting of the sorority will be held Monday evening with Mrs. Roy E. Harrold.

The last meeting of the year for the Donnan class will be held at the home of Mrs. Harrie Jones on Saturday afternoon at 837 North Harrison street.

J. F. McKee entertained at his hospitable country home last evening honoring his week-end guest, W. R. Smith of Indianapolis. The guests at the stag party were served with an elegant dinner last evening and remained until this morning.

Eleanor Lambert entertained two dozen of her little friends this afternoon at the home of her parents, Mr. and Mrs. Louis C. Lambert, in East Seventh street with a party honoring Washington's birthday. Appropriate games had been planned for the little folks and clever favors of flags, hatchets, and cherries were given. The patriotic colors were used in prettily decorating the home. Delicious refreshments were served late in the afternoon.

The members of her Sunday school class of the United Presbyterian church were the guests of Miss Anna Waite at her home in North Morgan street last evening. The dozen young people were pleasantly entertained in the living room which had been decorated with American flags. At the conclusion of a series of varied games, the hostess served a tempting two course luncheon. The favors of tiny flags were concealed in the napkins.

Fifty guests were entertained at the country home of Mr. and Mrs. Grant Hinchman today when the members of the Fairview Christian Aid society entertained the members of their families. A patriotic setting was created with American flags and other emblems of the national colors which were tastefully used in decorating the home. An elegant dinner was served at noon in buffet style and varied entertainment was provided for the remainder of the day.

Two excellent talks featured the meeting of the Fairview Department club held in the school house last evening with about 25 members of the club present. The Rev. Daniel Ryan gave an interesting discourse on the "Early History of Indiana" giving a vivid picture of early life in the state. Fred Knott's talk was on the timely subject "Good Roads," showing their great value to the farmer today. His talk was followed by a lively discussion in which the majority of the members took an active part. At the next meeting of the club, which will be held March 21, the subject of "Rural Sanitation" will be discussed.

Among those attending the meeting of the Rebekahs here today was a group from Fairfield who motored to this city this morning. Those included were Mr. and Mrs. J. R. Johnson, Ed Snider, Amsby Banning, Mrs. Jule Miller, Mrs. Himely, Blanche Krumble, Mrs. Ella Veal, Mrs. Rose Kingly, Mrs. Will Stewart, Miss Ida Kelly and Miss Emma Yountz.

Mr. and Mrs. Guy Mulbarger were pleasantly surprised last evening by several of their neighbors who came in to spend the evening with them. A social evening was spent and delicious refreshments were served. Those arranging the affair were Mr. and Mrs. M. V. Spivey and family, Mrs. John A. Cowan and daughter, Miss Anna Mary Cowan, Mr. and Mrs. Ezra Hinkle, and Mr. and Mrs. Emory Schmidt and family.

For the meeting of the Priscilla Art Club which was held at the home of Mrs. Jesse Reese near Falmouth this afternoon, the home was prettily adorned with American flags and the national colors were carried out in the remainder of the decorations and appointments. The social afternoon included the service of a delicious luncheon, while favors of tiny flags were presented to the guests. Miss Bessie Knotts will be hostess to the club members in two weeks.

A gay group of young people gathered at the home of Miss Gladys Chadwick in North Perkins street last evening when Miss Chadwick entertained with a Washington birthday party. American flags, gracefully draped, formed the principal decoration in the home. Hyacinths also lent their fragrance. With games of Rook and an informal dancing series, the young people were delightfully entertained. A tempting one course luncheon was served by the hostess, while favors of tiny hatchets

Rhode Island and Textiles.

The first cotton mill in the United States was built in Pawtucket in Washington's first administration. The making of textiles has become Rhode Island's first industry. Some 60,000 persons work in it, and its output is about 50 per cent of the manufactured products of the state, which, little as it is, is fourth in the making of cotton goods and third in the making of woollens and worsteds.

WILL ENABLE US TO SUPPLY YOUR NEEDS FOR THE COMING SEASON

With Gingham — Voiles — Burton Fabrics

at prices which are certain to interest you. Cotton materials are sure to climb in price, owing to the fact that this government is now receiving bids for large plants for millions of yards of cotton and wool goods.

Prepare yourself for early Spring by purchasing gingham and percales for your morning dresses. Take advantage of our early buying and fill your needs. Then you have the double satisfaction of being ready for the early warm days and having purchased when it was a saving to you. Our shelves are well filled with beautiful patterns in a variety of colors.

Voiles and Burton Fabrics promise to be more popular than ever for early Spring and Summer. Dainty patterns of reception voiles are certain to be in the front row so far as sheer fabrics are concerned.

Come in and let us prove to you that we have a charming array of fabrics and colors for afternoon and evening.

The quality is up to our usual high standard—that is the reason why we expect to have the opportunity of showing you. You will be glad to have a new dress made and ready to step into when the warm spring days arrive.

The Mauzy Company

What it Cost Not to Have Business Insurance.

Two brothers of one of the oldest families of a community inherited money and made money; did business together. Both married.

A few months ago one died, without life insurance payable to his business.

His wife decided she did not care to have her money left in the business, and under prevailing business conditions the brother could not conveniently buy out the estate.

Agreeing on the price with the sister-in-law was not easy.

Just when orders were beginning to pile up and much prosperity was in sight, the business was closed out for the benefit of their competitors, not only at a loss to the wife of the deceased brother, but, also, throwing the remaining brother out of a business that had been prosperous for a generation.

THROWS GAUNTLET TO THE BIG LOBBY

Governor Goodrich Appears Before Senate Committee Asking for Approval of Excise Bill

OPPOSITION ANSWERS HIM

Representative of 35 Corporations Suggests They Give in True Valuation for Taxation

Indianapolis, Ind., Feb. 22.—Facing the strongest corporation lobby that has ever appeared in the halls of an Indiana legislature, Governor Goodrich last night threw down the gauntlet to the big interests of the state and put it squarely up to the senate whether it will stand by those who are opposing the excise tax bill, or by the hundreds of thousands of men and women of Indiana who, he said, are paying an unjust portion of taxes.

The governor appeared at a public hearing before the senate committee on public rights and franchises, which has charge of the excise bill, and told the powerful interests that are opposing the excise tax bill that they know they are not paying their share.

"You men come here to oppose this bill, but where are the hundreds of thousands of men who now are paying more than their share of the taxes?" the Governor asked, addressing the men who had spoken in opposition to the measure. "Many of them are at home—and most of them are working in your factories, and you are here undertaking to cast the burden upon them. You ought not to do it."

"I say it is not fair. The owners of real estate in Indiana are paying 65 per cent of the total taxes. That system is not fair. I would like to see you take your balance sheets and lay them down beside our tax returns, and then say whether this excise proposition is just."

Among the men supporting Governor Goodrich were Charles A. Bookwalter and W. J. Hogan, Indianapolis business men; James H. McGill of Valparaiso and Representative W. P. Swain of Pendleton.

Lem P. Darrow of Laporte, who said he represents thirty-five corporations, asked him if the corporations would return their real valuation of their property for taxation would it be necessary for the General Assembly to enact an excise law?

"Certainly not," said Governor Goodrich, "but the corporations will not do that."

"Then why not pass a law requiring them to do it?" Darrow asked.

The governor then took another shot at the corporations.

"A bill has been introduced here to permit the state tax board to assess all public service corporations direct and what did the corporations do?" he asked. "They came here and opposed the bill. I have not been able to get the measure through. Governor Ralston recommended it, but I have not been able to do a single thing toward getting it through."

Senator Nejd of Lake County, a member of the committee, interrupted the proceedings long enough to say that he would oppose the bill because the cities and towns would not receive any portion of the taxes under it. Nejd asked why the state tax board was not sent into the counties to get the proper value on the properties, and Governor Goodrich again said that the present law has such limitations as to make that impossible.

HOOSIER BRIEFS

Terre Haute—Visions of his girl wife which he killed, have caused William Hart to repent his act, according to officials. Hart is recovering from wounds self-inflicted after he killed his wife.

Crawfordsville—The Knights of Pythias building was sold at sheriff's sale for \$18,194.

LaPorte—Antonio Tulizzi came to LaPorte from Flint, Mich., to get married but he started to celebrate the event too soon and landed in jail on a charge of intoxication.

Elkhart—Ten tramps, who were kept over right in jail, refused to take jobs when offered work the next day.

Poor Ventilation Causes Colds

A large manufacturing concern found poor ventilation in their offices caused their employees to have colds and that every cold meant a loss of \$24.00 to the business.

How much do you lose when you have a cold?

You may be an employee, you both lose; it is expensive and dangerous.

A cold does not get well of itself. Take no chances. Eat right, avoid exposure and drafts.

When you feel dull and headachy, feverish, start sniffing and sneezing, tight chest and sore throat you have a cold that needs attention.

The first aid is an old reliable remedy that has been used for coughs and colds for nearly 50 years—Dr. King's New Discovery.

It has given years of universal satisfaction and those that have used Dr. King's New Discovery longest are its best friends. It is pleasant to take and it contains the ingredients that have proved best for coughs, colds, croup and bronchial affections.

Your druggist has it—he's sold it for many years.

IS MENTIONED FOR MAYOR OF NEW YORK

James Gerard, Recalled Ambassador, Can be Tammany's Candidate if he Wants.

WOULD OPPOSE MITCHEL

(By United Press.)

New York, Feb. 22.—James W. Gerard, recalled American Ambassador to Germany can be Tammany's candidate for Mayor of New York this Fall if he wants to, Tammany leaders indicated today. The boom has been started, it remains for Gerard to squash or endorse it when he gets home. He refused a similar offer on his recent visit to the United States, saying he would not think of deserting his Berlin post at such a critical time. Mayor Mitchel, present incumbent, probably will be the Fusion candidate whom Gerard will oppose if he makes the fight.

WHAT-YOU-MAY COLUMN

BY "GM." Wives Again.

A friend of ours came home one day last spring with a large, durable wife. She had a long nose and a short upper lip; a beard, a mole, a mustache and a jaw, ladies and gentlemen, that would make a chunk of chilled steel green with envy.

About the same time another friend trooped in with a small, compact, two gill creatures who fiddled. Fiddling and dawdling over everything she did was her speciality. Nero fiddled while Rome was burning. She fiddled while the potatoes were doing the same thing.

Now we struck a middle ground. We got one neither tall nor short, dawdling nor adamant, iron nor mush. We took her on in cold blood, after due consideration. She fits. And we don't expect to take her off in Reno.

We favor the three-quarter length wife.

Hurrah! How's This

Cincinnati authority says corns dry up and lift out with fingers.

Hospital records show that every time you cut a corn you invite lock-jaw or blood poison, which is needless, says a Cincinnati authority, who tells you that a quarter ounce of a drug called freezone can be obtained at little cost from the drug store but is sufficient to rid one's feet of every hard or soft corn or callus.

You simply apply a few drops of freezone on a tender, aching corn and soreness is instantly relieved. Shortly the entire corn can be lifted out, root and all, without pain.

This drug is sticky but dries at once and is claimed to just shrivel up any corn without inflaming or even irritating the surrounding tissue or skin. If your wife wears high heels she will be glad to know of this.

WILL RUSH PRIMARY CHANGES THROUGH

Party Leaders Plan to Push Changes in Law in Order Not to Get Lost in Whirl.

ELIMINATE SECOND CHOICE

Indianapolis, Ind., Feb. 22.—Party leaders of the legislature today were making plans to rush through, under suspension of the rules, bills to revolutionize the primary system of voting in Indiana. The advocates of the measures see necessity for hurrying them through in order that they will not be lost in the whirl of the last few days.

Elimination of second choice balloting is one of the main ideas of the measures. Considerable opposition to eliminating the second choice was heard following the visit of William Jennings Bryan, who in his address before the senate, suggested that the legislature go even further than permitting second choice voting and allow third and even fourth choice.

The second division of the Watson Sunday school class will serve hot lunch at Cosand's millinery store Saturday, Feb. 24, beginning at 11 o'clock. 29214.

JINNETT INTRODUCES BILL AS REQUESTED

T. M. Offutt Requests Measure Providing For Taxing of All Bonds and Foreign Stock.

WILL HAVE A SLIM CHANCE

T. M. Offutt received a letter yesterday from Representative Jinnett in which Mr. Jinnett promised to introduce a bill which would provide for the taxing of all bonds and foreign stock. The letter came in response to a petition prepared by Mr. Offutt and taken to the legislature Tuesday by John Gantner. The petition asking for a law of this kind contained 100 names. The bill was introduced in the house yesterday by Mr. Jinnett.

Representative Jinnett stated in his letter that the chances of this bill becoming a law were very slim as it was started too late in the session. All bills introduced after Feb. 18 will get very little consideration, it was stated. Representative Jinnett also stated in his letter to Mr. Offutt that there was prospect of a general revision in the tax laws of this state.

CANNOT GIVE NAMES.

Almost every day there are want ads in The Daily Republican which give an initial or number as the address. To answer these kind of advertisements it is necessary to drop a note or card addressed to the initial or number given in care of The Daily Republican. It will be useless to call up the office and ask who inserted the ad. Many times the name of the advertiser is not known and even if it were, would not be given. The advertiser who uses this method undoubtedly prefers not to have his name known and The Daily Republican will not give it.

LIQUOR OUTFIT IS DENOUNCED

Senator Sheppard Raps Organization Using Name of United Press Association.

LETTER PLACED IN RECORD

Created Impression That Famous News Agency Was Favoring "Wet" Cause.

(By United Press.)

Washington, Feb. 22.—Senator Sheppard denounced in the United States Senate an outfit in Cleveland, Ohio, which is sending out statements favoring the liquor interests and attempting to create the impression that they are from the United Press Associations of New York.

Sen. Sheppard exposed "this endeavor of the liquor interests to perpetuate their existence in this country." The Senator's statement is included in the following excerpt from the Congressional Record of Feb. 3, 1917, page 2823:

"Mr. Sheppard. Mr. President, I wish to direct the attention of the Senate to the fact that a concern calling itself the United Press Association has been sending over the country free newspaper copy favoring the liquor interests. This copy is sent out under an envelope bearing the return address, 'The United Press Association, Cleveland.' The impression has thus been created that the famous association so familiarly known as the 'United Press' is sending out this copy. The United Press has taken notice of the fact and has issued a statement which I ask to have the Secretary read. The proper name of the United Press is 'United Press Associations,' and the head office of this great organization is located in the city of New York. 'The Presiding Officer. Without objection, the Secretary will read as requested.

"The Secretary read as follows:

New York, January, 30. A concern operating out of Cleveland, Ohio, is sending newspapers in the country a great deal of free copy favorable to the liquor interests. This copy comes in envelopes bearing the return address 'the United Press Association, Cleveland.'

The United Press Associations with general offices in New York and bureaus in many cities throughout the country, is in no way connected with or responsible for the concern that is sending out this antiprohibition propaganda, it has instructed its attorneys to institute proceedings to enjoin the methods which make it appear that the United Press Associations has abandoned its course of distributing only regular news matter.

Convention Hears Explanation of the Work Carried on in This State.

OTHER PROBLEMS DISCUSSED

One Speaker Advocated Establishment of Continuation Schools—Apprenticeship Gone.

(By United Press.)

Indianapolis, Ind., Feb. 22.—Indiana's vocational education survey was examined and studied at today's session of the national convention of the Society for the Promotion of Vocational education.

W. F. Book, director of the vocational surveys and Charles H. Winslow, told how the surveys were made and how the best results are to be accomplished.

The problems arising out of wo-

men in industry were also taken up. It was brought out that the number of women in commercial occupations has increased, during the last three decades, from 228,421 to 1,202,352. Mrs. Lucinda W. Prince, educational director for the National Retail Dry Goods association told of work being done by stores to aid their women employees.

Difficulties arising out of compulsory attendance at schools was taken up at the afternoon session. W. A. Hacker, director of school attendance, stated that employers are coming to regard the employment of children under 16 as unprofitable.

He advocated that every city of more than 5,000 establish continuation schools and that where these are maintained, attendance shall be compulsory for all youths between the ages of 14 and 16 for not less than eight hours a week and for at least eight months a year.

That apprenticeship has gone out and is practically certain never to return in its old form, was stated by Frank Duffy, general secretary of the United Brotherhood of Carpenters and Joiners of America. "If ever

vocational training was necessary, it is necessary today," said Duffy. "Organized labor does not oppose the development of industrial education in the public schools."

"SAVE THE BABIES"

There are authentic quotations from the pamphlet by Dr. L. Emmett Holt of Columbia University and Dr. Henry L. K. Shaw of Union University.

This simplest plan is preparing baby's food is to use whole milk from a shaken bottle, diluted according to the child's age and digestion. Beginning on the third day, the average baby should be given 3 ounces of milk daily, diluted with 7 ounces of water, boiled. To this should be added 1 tablespoonful of lime juice and two level teaspoonfuls of sugar. This should be given in seven feedings. Directions for feeding a week old baby will be given tomorrow.

Both Houses of Legislature Observed Birthday of Washington With Ceremonies.

MANY SCHOOLS WERE CLOSED

(By United Press.)

Indianapolis, Ind., Feb. 22.—Indiana today joined with the rest of the nation in observing the anniversary of the birth of George Washington.

Both houses of the legislature observed the day by speakers eulogizing the Father of the Country. His name was mentioned in prayers at the opening of the sessions in both houses and for several minutes absolute silence was observed in honor of Washington.

Gov. Goodrich will preside at a public meeting tonight at Tomlinson hall at which many prominent speakers will talk on Washington. The meeting will be held under the auspices of the Fourth Degree, Knights of Columbus.

Schools in many parts of the state were closed, many of them for the week-end.

IS HOMICIDE SAYS PERMIT TO BURY BOY

Fayette County Coroner Gives Cause
of Russell Hilbert's Death but
Files no Verdict

STRYCHNINE POISON, HE SAYS

Intimated That he Received Word
on Analysis of Stomach From
Indianapolis by Phone

NOW AWAITS WRITTEN REPORT

Not Duty of Coroner to Say in Any
Event Who Administered Poi-
son—Grand Jury's Work

Sensational developments are expected soon as a result of the sudden death of Russell J. Hilbert, 7 years old, who died last Saturday at his home near Orange in convulsions. The first intimation that something is bound to happen came this morning when George C. Wyatt and company received the burial permit from Dr. B. W. Cooper, coroner of Fayette county. The local firm buried the little boy. The burial took place Tuesday morning and the cause of death was assigned, as strychnine poisoning, homicidal, in the permit received this morning. The coroner gave permission to bury before issuing the permit.

The coroner has not yet filed his verdict, but it was intimated in Connersville that something would happen late this afternoon. The fact that the burial permit gave the cause of death as strychnine poisoning given for the purpose of committing murder is considered significant.

The coroner maintains that he has never received word from the stomach analysis and yet his own burial permit assigns the cause of death in most startling words. It was intimated that the coroner received word over the phone from Indianapolis last evening as to what the analysis showed and was holding off his verdict until the official report was received.

The coroner's verdict could not say much more than the burial permit received here today. It is not the coroner's duty to name the party who administered the poison and this he will probably not do. This is considered the duty of the grand jury and from all indications the Fayette county grand jury will be called shortly to consider this case.

The little boy lived with his father and step-mother. They are people of moderate circumstances. Since the sudden death of the little boy their home has been under a cloud of suspicion and if there was no mystery in connection with the boy's death they should, it is pointed out, welcome the investigation.

TWO MEN ARE UNDER ARREST

(By United Press.)
New Britain, Conn., Feb. 22.—New Britain is under martial law today with two companies of militiamen on guard following nine simultaneous fires in different parts of the city last night. Two men are under arrest on suspicions of having started the fire.

New Britain has many manufacturing plants which have been making munitions for the allies. The belief was expressed that some fanatic hoping to stop their manufacture set the fire by means of time incendiary bombs but no evidence of bombs has been found. The damage is estimated at about \$50,000.

After Living Tramp's Life 19 Years Finds Relatives

George Johnson, Inmate of County Asylum Three
Weeks, Mourned as Dead, Learns He Has
Also Inherited An Estate.

LEAVES FOR OLD HOME AT S. AMBOY, N. J.

After wandering about the country for nineteen years and living the life of a tramp, during which period he was mourned as dead by his relatives George Johnson, an inmate of the county poor asylum, has located a brother and an uncle at South Amboy, N. J., and left this morning to spend his remaining days with them. Johnson, in broken health, was sent to the poor farm three weeks ago. He told Superintendent and Mrs. Newbold his story of how he left home when a boy fifteen years old and about his wanderings around the country. Mrs. Newbold wrote to South Amboy, N. J., and received word from his relatives asking that Johnson be sent home. They enclosed the money for the trip. The letter also conveyed the information that since Johnson left home an aunt had died, leaving him a small estate.

Johnson, who is thirty-four years old, wandered away from home when a boy of fifteen. He fully intended to return but the life of a tramp hardened him and in a few days he had almost forgotten about ever having a home. He wandered all over the United States. Johnson landed in Rushville three weeks ago. The weather was exceedingly cold and his health was such that exposure would have caused his death. He was sent to the poor farm. Then he told his story and Mrs. Newbold, believing there was a chance that his relatives might be living, wrote the letter to New Jersey. In the reply the brother and uncle stated that they had long since believed Johnson was dead as they had never heard a word from him since the time he left nineteen years ago.

While the estate he has received is small, it will probably be sufficient to supply his wants the remainder of his life.

DEGREE TEAMS COMPETING

McCordsville, Shelbyville and Rus-
shville Teams Will Give the
Work Tonight

Two hundred visiting Rebekahs from the sixth district gathered here today for the annual district meeting of the order. The morning was devoted to the reception of the visiting delegates and the first of the competitive degree contests took place this afternoon.

The Odd Fellows hall was crowded this afternoon for the first session. Miss McGreagor, president of the Rebekah Assembly, delivered the principal speech of the afternoon session. The degree teams of Knightstown and Milroy gave the degree work this afternoon, taking part in the contest for the best degree team. Competent judges will pass on the work of the various teams.

In all a total of five degree teams will compete here for the right to represent this district at the state meeting. Besides Knightstown and Milroy, the teams are McCordsville, Shelbyville and Rushville. These last three teams will compete tonight. Rushville draws last place and the drill of the local team will close the convention.

The McCordsville team of forty people will arrive this afternoon at five o'clock in a special car. Similar contests are being held in all of the thirteen districts of the state. The winners of these contests will meet at Indianapolis and the winner of the Indianapolis contest will go to the national meeting to be held at Louisville.

Knightstown and Shelbyville sent large delegations to the meeting. Delegates were also here from Cambridge City, Newcastle, Richmond, Connersville, Greenfield and other cities in the district.

There were twenty-eight lodges represented at the meeting this afternoon. Besides the president of the Rebekah assembly, Mrs. Harriet Spekenhiser, vice-president, of Richmond, and Miss Wilson, treasurer, were present. Between 450 and 500 persons attended the meeting this afternoon.

(By United Press.)
Indianapolis, Ind., Feb. 22.—Without recommendation, the administration's excise tax bill was reported out of the senate committee on rights and franchises today following Governor Goodrich's appeal for passage of the measure before the committee at a public hearing last night. The report was adopted and the bill was made a special order of business for second reading tomorrow and third reading on Saturday.

Attempts to pass the Maston woman suffrage bill in the house under suspension of the rules this afternoon was predicted by sponsors of the measure today. Suffrage workers declared they had a sufficient number of representatives favoring the measure to suspend the rules and take the bill up for final action.

Senator Chambers today introduced a bill to amend the present primary law eliminating second choice votes; changing the date of the primary from March until May and abolishing casting of "preference" votes for presidential electors.

The administration conservation commission bill was recommended for passage in the senate today.

The senate passed Bird's bill providing that a hunting and fishing license taken out in any county will be good in all parts of the state.

The Habermel bill which would appeal the stringent regulations on handling of trading stamps in the state was killed in the house when a committee report recommending indefinite postponement was adopted.

Simmons' bill raising the pay of judges of the supreme and appellate courts from \$6,000 to \$9,000 was killed by the senate.

GUARANTORS MEET IN A WEEK

The Rush County Chautauqua was shown to be in good financial condition last night in reports submitted at the annual directors' meeting. The guarantors will meet in the court house assembly room a week from tomorrow night at which time several directors for next year will be elected.

According to the report of the treasurer, the chautauqua last year cost \$3,218.03. This includes talent and all other expenses. The total receipts from all sources were \$3,684.25, leaving a balance on hands of \$466.12. The gate receipts at the last chautauqua amounted to \$3,516.35, showing that the chautauqua would have paid for itself without receipts from other sources. Fifty dollars was collected in rent from the coliseum.

Ten Representatives Send Letter to
House Asking For Investigation
of Food Prices.

BAILEY WANTS AN EMBARGO

Washington, Feb. 22.—Ten representatives in a letter to members of the house today demanded an investigation immediately by the federal trade commission of the food situation.

At the same time the letter was circulated, it became known that the appropriations committee is unchanged in its opposition to the \$400,000 appropriation. This gave further substantiation to reports that there is friction between congress and the federal trade commission to conduct the probe.

Representative Bailey, Pennsylvania, introduced a resolution for an immediate embargo on foodstuffs and other necessities. An investigation he said, would be unnecessary.

ELECTION FRAUD CHARGES

Men Prominent in Political, Business
and Social Life of City Among
Those Indicted

(By United Press.)
Evansville, Ind., Feb. 22.—Men prominent in political, business and social life of Evansville were arrested today on several indictments charging election frauds. United States marshals arrested twenty-one democrats last night and began serving warrants on eighty-one republicans today.

Among those arrested today were Charles Siller, former postmaster; Charles Artes, jeweler; Frank DeJarnedd, secretary of the republican county committee; Matt Foster, Herman Uler and Roy Kelsay, leaders in republican circles.

Determined that no citizen shall be placed in jail, Mayor Bosse, democrat, has furnished bond for some of the republicans.

First came the surrender of James Boner, notorious proprietor of a gambling house and democratic henchman. Later Marshal Storen announced that the following had been included in the first night's roundup: E. B. Oslage, city controller; Miles E. Saunders, assistant city engineer; Edward Jochem, chairman of the democratic county central committee; John Seales, city detective; William J. Cox, an election sheriff.

Adolph Weicht, dentist, republican precinct committeeman; Ernest Tidrington, colored city detective; Ben Bartlett, city motorcycle officer; Richard Pennington, keeper of a saloon and resort, and democratic election officer in the last election; William H. Bennighoff, retired capitalist and republican precinct chairman in the last election; Chief of Police Edgar Schmitt; John Daus, assistant secretary of the Anchor Supply Company, and republican precinct committeeman.

Marshal Storen announced that Chief Schmitt had surrendered, but that bond had not been provided for him. The chief's bond was \$5,000, the highest demanded. William H. Bennighoff had not surrendered, the marshal said last night, but friends called to see if he was indicted and had supplied bond for him. Mr. Bennighoff was the first republican named in the announcements. Mayor Bosse and C. B. Enlow, vice president of a local bank, both democrats, heard John Daus, a young republican, had been indicted and, knowing the young man's parents were in Florida, signed his bond of \$1,500.

The names of the following other men were affixed to the different bonds: Postmaster John J. Nolan, Francis J. Reitz, president of a local bank, who signed several bonds; Henry Korff Sr., a local dealer, and Dr. Joseph B. Cox.

The two indictments on which local cases are based embrace practically the same charges made in the Gar and Frankfort cases. One charges conspiracy on the part of the democrats, and the other on the republicans, to defraud the government and to "injure, threaten and intimidate" certain citizens to deprive them of their constitutional rights. Each indictment is in three counts. As in the other cases conspiracy to purchase votes is made a Federal offense.

CASE MAY REACH JURY TOMORROW

Plaintiff's Side of Breach of Promise Suit of Manning Against Jinks Completed

DEFENSE READS 15 LETTERS

Jinks Denies Promising to Marry the Girl, Saying Solicitations Were All From Her

The breach of promise suit of Bertha Manning against Chester Jinks will probably go to the jury tomorrow afternoon. The plaintiff's side of the case was completed this morning and the defense started. The defense read at least fifteen letters that had been written by Miss Manning to Jinks.

Jinks was on the stand a large part of the afternoon. He denied ever promising to marry the girl and declared that she continually asked him to marry her. He stated that the solicitations were all on her part.

Another large crowd packed the court room for the hearing today. Many women were in the audience. The complaint alleges that Jinks promised to marry Miss Manning on August 6, 1916. A letter was introduced in evidence that was written by her attorney to Jinks making a demand on him that he fulfill the contract.

One of the letters written by Jinks to Miss Manning advised her along educational lines. Jinks was formerly a school teacher and in this letter indicated that he was trying to help educate her. This letter in part follows:

New Salem, July 15.
Dear Bertha—I have been worried about last week's move especially last night. I am afraid something is going to happen. I presume you have been looking for this letter and feel that I should not write too often to you at present.

The rest of our family know nothing of my whereabouts Monday night. I did not get home until 2:30. I am glad you are going to school this fall, even more glad than you are. About studying this summer on arithmetic I don't believe I would if I were you. I would wait until school commenced then you will take up algebra. You could not make much headway on mathematics. An all around Gas Tractor for almost any Farm, A Sensation in the Tractor Field

Now comes the announcement of a fifth size Case tractor, conservatively rated as 9 H. P. at the drawbar and 18 H. P. at the belt. It is another triumph to Case leadership because it offers to the agricultural world a tractor way ahead of anything in its class. At the 1916 tractor demonstration it proved a sensation. Its performance was remarkable. Farmers everywhere welcome it.

Back of this tractor is 26 years of gas tractor experience. In this 9-18 are combined the merits of all tractors now on the market together with Case principles of construction. The 9-18 solves the farm power problem. On 100 acres and even less this machine will displace horses at a big saving. It will make the hardest tasks the easiest ones. It will cut your labor costs. Let the 9-18 do your plowing deeper and at the right time. Then your discing, harrowing, seeding, operate your harvester or drive the feed cutter, the baling press, fill the silo and operate your own threshing machine. There is no limit to the usefulness of a Case 9-18.

See These "Case" Tractors on Main Street Every Saturday Afternoon.

C. I. & W. FLAGMAN EXPIRES

Lewis Adams, Age 72, Dies This Afternoon From Paralysis:

Lewis Adams, 72 years old, died shortly after noon today at his home, 829 North Sexton street, following a short illness from paralysis. Mr. Adams had been employed as flagman at the Morgan street crossing of the C. I. & W. railway for the past eight years. He suffered a stroke of paralysis last Monday and since that time had been in a critical condition. He is survived by his widow and two sons, Bernie and Omer Adams. The funeral services will be conducted Sunday, but the exact time has not been determined.

SAYS HOT WATER EACH DAY KEEPS THE DOCTOR AWAY

Drink Glass of hot water before breakfast to wash out the poisons

Life is not merely to live, but to live well, eat well, digest well, work well, sleep well, look well. What a glorious condition to attain, and yet how very easy it is if one will only adopt the morning inside bath. Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter. Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening, and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs. The millions of people who are bothered with constipation, biliousness, spells, stomach trouble, rheumatism; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store which will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.—(Adv.)

POLO TOURNEY WILL END TODAY

International Event Between British And American Teams Completes Event.

MANY STARS ARE ON COAST

Eastern Games of Few Years Ago Are Not Expected to Have Much on This One.

BY H. C. HAMILTON.
New York, Feb. 22.—The big polo tournament which has been going on at Riverside, California since the twelfth will wind up today with a big international championship the British-American game.

This gathering probably has witnessed as great collection of American polo stars as ever was gotten together in the United States, not even excepting the galaxies of stars sometimes at Meadowbrook Field, Long Island.

In the match of England vs. America, Hugh Drury, the noted English player now living at Riverside and playing with the Riverside Club, organized a team of Britishers that went against the American team captained by Malcolm Stevenson, and the fact that aggregate handicapping of the players was in excess of 25 goals for each team indicates to a polo enthusiast that it was to be some game.

The scene of play was at Chenawa Park, the beautiful turf field on Magnolia avenue, considered by poloists as one of the best and scenically most attractive fields in the west.

Among the noted players on the coast for this tournament are Malcolm Stevenson, Perry Beadleston, G. M. Heckscher, C. C. Runsey, Thos. Le Bontillier, of New York; W. Balding, a noted English player; Earl W. Hopping and Col. Max Fleischman of Cincinnati; Steven H. Velle of Kansas City; Clifford Weatherwax of Portland, Oregon; and Cowdin, Driscoll, Hobart, Davis, Harry Hastings, Christian de Guigne and Capt. R. E. McNally of San Mateo.

HOUSE PASSES THE "BONE DRY" BILL

Lower Branch of Congress Enacts Law To Prohibit Liquor Importations in Dry States

WILSON WILL APPROVE IT

Is Regarded as Far Reaching And Sweeping as Anything Besides National Prohibition

Washington, Feb. 22.—Absolute prohibition legislation took its longest stride in the nation's history yesterday when the house, after two hours of uproarious debate, approved by a 4-to-1 majority a senate measure which would raise an iron-clad barrier against importation of liquor into prohibition states.

It is expected to receive the approval of President Wilson within a week, adding immediately to the "bone dry" territory about one-third of continental United States. The provision is regarded as the most far reaching that could be enacted by the federal government, and as sweeping as would be possible under any method short of a national prohibition amendment. It would cut off entirely liquor importations, amounting now to millions of dollars annually, into the large number of states which have forbidden manufacture or sale but have permitted importation for personal use.

Advocates of prohibition divided among themselves over the expediency of the step, some friends of the cause declaring so drastic a law would have a reactionary effect. In the same way those who have opposed prohibition were not unanimous in opposition when the vote was taken. The roll call brought cheers and cries of "bone dry" from all parts of the house, however, and the result was greeted with a noisy demonstration.

The vote, as officially announced, was 321 to 72, but a recheck of the roll changed it to 319 to 72. Party lines were completely broken down, and numerous representatives from prohibition states were recorded in the negative. So large a vote seldom is recorded on any measure.

A provision barring liquor advertisements from the mails in states that prohibit such advertising is included in the measure, which came before the house as a rider to the annual postoffice appropriation bill, inserted by the Senate last week on motion of Senator Reed by a vote of 55 to 11. Although the appropriation bill will go to conference because the House disagreed to other amendments there is little possibility that the prohibition amendment, concurred in without change will be altered. Members of congress are taking it for granted that President Wilson will approve it.

Although some members had given it as their opinion the legislative features added to the postal bill would not be effective until July 1, the effective date of the appropriations it carries, senators and representatives who are considered authorities said tonight that all the legislative riders, including the Reed prohibition amendment, undoubtedly would become operative as soon as the President has signed the measure.

Dry advocates were jubilant. Representative Webb of North Carolina, father of the resolution for a national prohibition amendment, declared the overwhelming affirmative vote had killed the states' rights argument and that the national amendment, already reported favorably, certainly would pass the House at this session. The national legislative committee of the Anti-Saloon League issued a statement saying today's action had "cleared the decks" for the national amendment.

Many of the wet advocates in congress, particularly those with brewers among their constituents, also declared themselves much pleased with the outcome. The brewers are understood to have been in favor of the provision, both because it would curtail the so-called mail order business carried on by houses dealing in spirituous liquors and because it might prevent states now wet from going dry and indefinitely postponing nationwide prohibition.

ASH WEDNESDAY OBSERVED

Marks Beginning of Lent Leading up to Easter on April 1.

Two services were held at St. Mary's Catholic church yesterday—at 8 a. m. and 7:30 p. m.—observing Ash Wednesday and the beginning of Lent. Yesterday was the opening of the forty-day period, the season of self-denial, symbolizing the forty days that Christ fasted. Lent will continue until Easter Sunday, which this year falls on April 1. Services will be held at St. Mary's church each Wednesday and Friday evenings during the Lenten period. The services will begin at 7:30.

TWO CHILDREN WANT HOMES

Envoy N. A. Tharp of the Salvation Army is looking for a home or homes for a girl seven years old and her step-brother, who is five years old. They may be adopted by the same persons or are willing to be separated. Envoy Tharp asks that persons wishing to adopt them call at his home, 414 East Second street, and see the children.

P. A. Miller is confined to his home at the corner of Third and Julian streets with a severe cold.

SOCIETY NEWS

Church Societies, Parties, Weddings, Dances, Literary and Musical Organizations, Sewing Circles, Card Clubs and Many Other Things of Interest to Women.

Mrs. Link's Bible class will meet tomorrow afternoon with Mrs. George Havens at her home in North Main street. The lesson will be Judges 8 to 11.

The mothers of the members of the Dunning Study class were guests at the meeting of the class held at the home of Mrs. Will Meredith in North Morgan street last evening. Deryl Case was leader for the program and several pretty musical numbers were played by the little musicians. Light refreshments were served and there was a very good attendance.

An important business meeting of the Band of Workers of the First Presbyterian church was held in the parlors of the church yesterday afternoon, when the principal matter decided was to give a penny supper in the basement of the church on Friday, March 2. Plans were made for the supper. There were twenty-three present and three new members were taken into the society. The next meeting will be in two weeks.

A pleasant little affair was given by Mrs. Roll Miller at her home in North Harrison street yesterday afternoon when she entertained the members of the S. E. T. club and a few invited guests. The afternoon was spent by the agreeable company in sewing and chatting. During the service of the delicious luncheon, favors of Washington birthday cherries were given the guests. Miss Mary Amos will entertain the club in two weeks.

None of the delightful parties enjoyed by the members of the Tri Kappa sorority this season have surpassed the dinner party given yesterday noon by Mrs. Hubert Innis at her country home near Milroy. The ten members of the sorority left here on the early morning train and spent the entire day at the country home. At noon, the hostess served an elaborate dinner. The round table was embellished in the center with an attractive bouquet of red carnations. The places were marked with place cards appropriate to Washington's birthday and with red cherries for each guest. The three course dinner was perfect in appointments. While the Columbia played during the afternoon, the guests enjoyed several rounds of cards. Members of the sorority spending this pleasant day together were the Misses Hannah Morris, Clorenne Amos, Jessie Kitchen, Olive and Edith Buell, Jessie Anderson, Fannie Stiers, and Mrs. Roy E. Harrold, Mrs. Jack Knecht, and Mrs. Harry Osborne. The regular meeting of the sorority will be held Monday evening with Mrs. Roy E. Harrold.

The last meeting of the year for the Donnan class will be held at the home of Mrs. Harrie Jones on Saturday afternoon at 837 North Harrison street.

J. F. McKee entertained at his hospitable country home last evening honoring his week-end guest, W. R. Smith of Indianapolis. The guests at the stag party were served with an elegant dinner last evening and remained until this morning.

Eleanor Lambert entertained two dozen of her little friends this afternoon at the home of her parents, Mr. and Mrs. Louis C. Lambert, in East Seventh street with a party honoring Washington's birthday. Appropriate games had been planned for the little folks and clever favors of flags, hatchets, and cherries were given. The patriotic colors were used in prettily decorating the home. Delicious refreshments were served late in the afternoon.

The members of her Sunday school class of the United Presbyterian church were the guests of Miss Anna Waite at her home in North Morgan street last evening. The dozen young people were pleasantly entertained in the living room which had been decorated with American flags. At the conclusion of a series of varied games, the hostess served a tempting two course luncheon. The favors of tiny flags were concealed in the napkins.

Fifty guests were entertained at the country home of Mr. and Mrs. Grant Hinchman today when the members of the Fairview Christian Aid society entertained the members of their families. A patriotic setting was created with American flags and other emblems of the national colors which were tastefully used in decorating the home. An elegant dinner was served at noon in buffet style and varied entertainment was provided for the remainder of the day.

Two excellent talks featured the meeting of the Fairview Department club held in the school house last evening with about 25 members of the club present. The Rev. Daniel Ryan gave an interesting discourse on the "Early History of Indiana" giving a vivid picture of early life in the state. Fred Knott's talk was on the timely subject "Good Roads," showing their great value to the farmer today. His talk was followed by a lively discussion in which the majority of the members took an active part. At the next meeting of the club, which will be held March 21, the subject of "Rural Sanitation" will be discussed.

Among those attending the meeting of the Rebekahs here today was a group from Fairfield who motored to this city this morning. Those included were Mr. and Mrs. J. R. Johnson, Ed Snider, Amshy Banning, Mrs. Jule Miller, Mrs. Himely, Blanche Krumble, Mrs. Ella Veal, Mrs. Rose Kingly, Mrs. Will Stewart, Miss Ida Kelly and Miss Emma Youniz.

Mr. and Mrs. Guy Mulbarger were pleasantly surprised last evening by several of their neighbors who came in to spend the evening with them. A social evening was spent and delicious refreshments were served. Those arranging the affair were Mr. and Mrs. M. V. Spivey and family, Mrs. John A. Cowan and daughter, Miss Anna Mary Cowan, Mr. and Mrs. Ezra Hinkle, and Mr. and Mrs. Emory Schmidt and family.

For the meeting of the Priscilla Art Club which was held at the home of Mrs. Jesse Reese near Falmouth this afternoon, the home was prettily adorned with American flags and the national colors were carried out in the remainder of the decorations and appointments. The social afternoon included the service of a delicious luncheon, while favors of tiny flags were presented to the guests. Miss Bessie Knotts will be hostess to the club members in two weeks.

A gay group of young people gathered at the home of Miss Gladys Chadwick in North Perkins street last evening when Miss Chadwick entertained with a Washington birthday party. American flags, gracefully draped, formed the principal decoration in the home. Hyacinths also lent their fragrance. With games of Rook and an informal dancing series, the young people were delightfully entertained. A tempting one course luncheon was served by the hostess, while favors of tiny hatchets

Rhode Island and Textiles.
The first cotton mill in the United States was built in Pawtucket in Washington's first administration. The making of textiles has become Rhode Island's first industry. Some 60,000 persons work in it, and its output is about 50 per cent of the manufactured products of the state, which, little as it is, is fourth in the making of cotton goods and third in the making of woolsens and worsteds.

What it Cost Not to Have Business Insurance.

Two brothers of one of the oldest families of a community inherited money and made money; did business together. Both married.

A few months ago one died, without life insurance payable to his business.

His wife decided she did not care to have her money left in the business, and under prevailing business conditions the brother could not conveniently buy out the estate.

Agreeing on the price with the sister-in-law was not easy.

Just when orders were beginning to pile up and much prosperity was in sight, the business was closed out for the benefit of their competitors, not only at a loss to the wife of the deceased brother, but, also, throwing the remaining brother out of a business that had been prosperous for a generation.

THROWS GAUNTLET TO THE BIG LOBBY

Governor Goodrich Appears Before Senate Committee Asking for Approval of Excise Bill

OPPOSITION ANSWERS HIM

Representative of 35 Corporations Suggests They Give in True Valuation for Taxation

Indianapolis, Ind., Feb. 22.—Facing the strongest corporation lobby that has ever appeared in the halls of an Indiana legislature, Governor Goodrich last night threw down the gauntlet to the big interests of the state and put it squarely up to the senate whether it will stand by those who are opposing the excise tax bill, or by the hundreds of thousands of men and women of Indiana who, he said, are paying an unjust portion of taxes.

The governor appeared at a public hearing before the senate committee on public rights and franchises, which has charge of the excise bill, and told the powerful interests that are opposing the excise tax bill that they know they are not paying their share.

"You men come here to oppose this bill, but where are the hundreds of thousands of men who now are paying more than their share of the taxes?" the Governor asked, addressing the men who had spoken in opposition to the measure. "Many of them are at home—and most of them are working in your factories, and you are here undertaking to cast the burden upon them. You ought not to do it."

"I say it is not fair. The owners of real estate in Indiana are paying 65 per cent of the total taxes. That system is not fair. I would like to see you take your balance sheets and lay them down beside our tax returns, and then say whether this excise proposition is just."

Among the men supporting Governor Goodrich were Charles A. Bookwalter and W. J. Hogan, Indianapolis-business men; James H. McGill of Valparaiso and Representative W. P. Swain of Pendleton.

Lem P. Darrow of Laporte, who said he represents thirty-five corporations, asked him if the corporations would return their real valuation of their property for taxation would it be necessary for the General Assembly to enact an excise law?

"Certainly not," said Governor Goodrich, "but the corporations will not do that."

"Then why not pass a law requiring them to do it?" Darrow asked.

The governor then took another shot at the corporations.

"A bill has been introduced here to permit the state tax board to assess all public service corporations direct and what did the corporations do?" he asked. "They came here and opposed the bill. I have not been able to get the measure through. Governor Ralston recommended it, but I have not been able to do a single thing toward getting it through."

Senator Nejd of Lake County, a member of the committee, interrupted the proceedings long enough to say that he would oppose the bill because the cities and towns would not receive any portion of the taxes under it. Nejd asked why the state tax board was not sent into the counties to get the proper value on the properties, and Governor Goodrich again said that the present law has such limitations as to make that impossible.

LaPorte—Antonio Tulizzi came to LaPorte from Flint, Mich., to get married but he started to celebrate the event too soon and landed in jail on a charge of intoxication.

Elkhart—Ten tramps, who were kept over right in jail, refused to take jobs when offered work the next day.

DR. KING'S NEW DISCOVERY FOR COUGHS AND COLDS

Poor Ventilation Causes Colds

A large manufacturing concern found poor ventilation in their offices caused their employees to have colds and that every cold meant a loss of \$24.00 to the business.

How much do you lose when you have a cold? You may be an employee, you both lose; it is expensive and dangerous.

A cold does not get well of itself. Take no chances. Eat right, avoid exposure and drafts.

When you feel dull and headachy, feverish, start sniffing and sneezing, tight chest and sore throat you have a cold that needs attention.

The first aid is an old reliable remedy that has been used for coughs and colds for nearly 50 years—Dr. King's New Discovery.

It has given years of universal satisfaction and those that have used Dr. King's New Discovery longest are its best friends. It is pleasant to take and it contains the ingredients that have proved best for coughs, colds, croup and bronchial affections.

Your druggist has it—he's sold it for many years.

IS MENTIONED FOR MAYOR OF NEW YORK

James Gerard, Recalled Ambassador, Can be Tammany's Candidate if he Wants.

WOULD OPPOSE MITCHEL

(By United Press.)
New York, Feb. 22.—James W. Gerard, recalled American Ambassador to Germany can be Tammany's candidate for Mayor of New York this Fall if he wants to, Tammany leaders indicated today. The boom has been started, it remains for Gerard to squash or endorse it when he gets home. He refused a similar offer on his recent visit to the United States, saying he would not think of deserting his Berlin post at such a critical time. Mayor Mitchell, present incumbent, probably will be the Fusion candidate whom Gerard will oppose if he makes the fight.

WHAT-YOU-MAY COLUMN

BY "G.M." Wives Again.

A friend of ours came home one day last spring with a large, durable wife. She had a long nose and a short upper lip; a beard, a mole, a mustache and a jaw, ladies and gentlemen, that would make a chunk of chilled steel green with envy.

About the same time another friend trooped in with a small, compact, two gill creatures who fiddled. Fiddling and dawdling over everything she did was her speciality. Nero fiddled while Rome was burning. She fiddled while the potatoes were doing the same thing.

Now we struck a middle ground. We got one neither tall nor short, dawdling nor adamant, iron nor mush. We took her on in cold blood, after due consideration. She fits. And we don't expect to take her off in Reno.

We favor the three-quarter length wife.

Hurrah! How's This

Cincinnati authority says corns dry up and lift out with fingers.

Hospital records show that every time you cut a corn you invite lock-jaw or blood poison, which is needless, says a Cincinnati authority, who tells you that a quarter ounce of a drug called freezone can be obtained at its cost from the drug store but is sufficient to rid one's feet of every hard or soft corn or callus.

You simply apply a few drops of freezone on a tender, aching corn and soreness is instantly relieved. Shortly the entire corn can be lifted out, root and all, without pain.

This drug is sticky but dries at once and is claimed to just shrivel up any corn without inflaming or even irritating the surrounding tissue or skin. If your wife wears high heels she will be glad to know of this.

WILL RUSH PRIMARY CHANGES THROUGH

Party Leaders Plan to Push Changes in Law in Order Not to Get Lost in Whirl.

ELIMINATE SECOND CHOICE

Indianapolis, Ind., Feb. 22.—Party leaders of the legislature today were making plans to rush through, under suspension of the rules, bills to revolutionize the primary system of voting in Indiana. The advocates of the measures see necessity for hurrying them through in order that they will not be lost in the whirl of the last few days.

Elimination of second choice balloting is one of the main ideas of the measures. Considerable opposition to eliminating the second choice was heard following the visit of William Jennings Bryan, who in his address before the senate, suggested that the legislature go even further than permitting second choice voting and allow third and even fourth choice.

The second division of the Watson Sunday school class will serve hot lunch at Cosand's millinery store Saturday, Feb. 24, beginning at 11 o'clock. 29214.

JINNETT INTRODUCES BILL AS REQUESTED

T. M. Offutt Requests Measure Providing For Taxing of All Bonds and Foreign Stock.

WILL HAVE A SLIM CHANCE

T. M. Offutt received a letter yesterday from Representative Jinnett in which Mr. Jinnett promised to introduce a bill which would provide for the taxing of all bonds and foreign stock. The letter came in response to a petition prepared by Mr. Offutt and taken to the legislature Tuesday by John Gantner. The petition asking for a law of this kind contained 100 names. The bill was introduced in the house yesterday by Mr. Jinnett.

Representative Jinnett stated in his letter that the chances of this bill becoming a law were very slim as it was started too late in the session. All bills introduced after Feb. 18 will get very little consideration, it was stated. Representative Jinnett also stated in his letter to Mr. Offutt that there was prospect of a general revision in the tax laws of this state.

CANNOT GIVE NAMES.

Almost every day there are want ads in The Daily Republican which give an initial or number as the address. To answer these kind of advertisements it is necessary to drop a note or card addressed to the initial or number given in care of The Daily Republican. It will be useless to call up the office and ask who inserted the ad. Many times the name of the advertiser is not known and even if it were, would not be given. The advertiser who uses this method undoubtedly prefers not to have his name known and The Daily Republican will not give it.

LIQUOR OUTFIT IS DENOUNCED

Senator Sheppard Raps Organization Using Name of United Press Association.

LETTER PLACED IN RECORD

Created Impression That Famous News Agency Was Favoring "Wet" Cause.

(By United Press.)

Washington, Feb. 22.—Senator Sheppard denounced in the United States Senate an outfit in Cleveland, Ohio, which is sending out statements favoring the liquor interests and attempting to create the impression that they are from the United Press Associations of New York.

Sen. Sheppard exposed "this endeavor of the liquor interests to perpetuate their existence in this country." The Senator's statement is included in the following excerpt from the Congressional Record of Feb. 3, 1917, page 2823:

"Mr. Sheppard. Mr. President, I wish to direct the attention of the Senate to the fact that a concern calling itself the United Press Association has been sending over the country free newspaper copy favoring the liquor interests. This copy is sent out under an envelope bearing the return address, 'The United Press Association, Cleveland.' The impression has thus been created that the famous association so familiarly known as the 'United Press' is sending out this copy. The United Press has taken notice of the fact and has issued a statement which I ask to have the Secretary read. The proper name of the United Press is 'United Press Associations,' and the head office of this great organization is located in the city of New York.

"The Presiding Officer. Without objection, the Secretary will read as requested.

"The Secretary read as follows:

New York, January, 30.

A concern operating out of Cleveland, Ohio, is sending newspapers in the country a great deal of free copy favorable to the liquor interests. This copy comes in envelopes bearing the return address 'the United Press Association, Cleveland.'

The United Press Associations with general offices in New York and bureaus in many cities throughout the country, is in no way connected with or responsible for the concern that is sending out this antiprohibition propaganda, it has instructed its attorneys to institute proceedings to enjoin the methods which make it appear that the United Press Associations has abandoned its course of distributing only regular news matter.

OTHER PROBLEMS DISCUSSED

One Speaker Advocated Establishment of Continuation Schools—Apprenticeship Gone.

(By United Press.)

Indianapolis, Ind., Feb. 22.—Indiana's vocational education survey was examined and studied at today's session of the national convention of the Society for the Promotion of Vocational Education.

W. F. Book, director of the vocational surveys and Charles H. Winslow, told how the surveys were made and how the best results are to be accomplished.

The problems arising out of vocational training were also taken up. It was brought out that the number of women in commercial occupations has increased, during the last three decades, from 228,421 to 1,202,352. Mrs. Lucinda W. Prince, educational director for the National Retail Dry Goods association told of work being done by stores to aid their women employees.

Difficulties arising out of compulsory attendance at schools was taken up at the afternoon session. W. A. Haacker, director of school attendance, stated that employers are coming to regard the employment of children under 16 as unprofitable.

He advocated that every city of more than 5,000 establish continuation schools and that where these are maintained, attendance shall be compulsory for all youths between the ages of 14 and 16 for not less than eight hours a week and for at least eight months a year.

That apprenticeship has gone out and is practically certain never to return in its old form, was stated by Frank Duffy, general secretary of the United Brotherhood of Carpenters and Joiners of America. "If ever

"SAVE THE BABIES"

There are authentic quotations from the pamphlet by Dr. L. Emmett Holt of Columbia University and Dr. Henry L. K. Shaw of Union University.

This simplest plan is preparing baby's food is to use whole milk from a shaken bottle, diluted according to the child's age and digestion. Beginning on the third day, the average baby should be given 3 ounces of milk daily, diluted with 7 ounces of water, boiled. To this should be added 1 tablespoonful of lime juice and two level teaspoonfuls of sugar. This should be given in seven feedings. Directions for feeding a week old baby will be given tomorrow.

INDIANA JOINS IN PAYING TRIBUTE

Both Houses of Legislature Observed Birthday of Washington With Ceremonies.

MANY SCHOOLS WERE CLOSED

(By United Press.)

Indianapolis, Ind., Feb. 22.—Indiana today joined with the rest of the nation in observing the anniversary of the birth of George Washington.

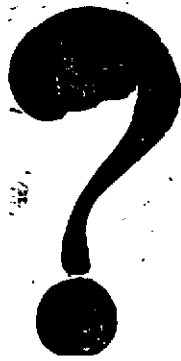

Both houses of the legislature observed the day by speakers eulogizing the Father of the Country. His name was mentioned in prayers at the opening of the sessions in both houses and for several minutes absolute silence was observed in honor of Washington.

Gov. Goodrich will preside at a public meeting tonight at Tomlinson hall at which many prominent speakers will talk on Washington. The meeting will be held under the auspices of the Fourth Degree, Knights of Columbus.

Schools in many parts of the state were closed, many of them for the week-end.
